**Note:**

- ✓ Due to lack of space, we could not include the list of more than 50 students who scored 19/20 and 18/20 in their unit tests.
- ✓ Toppers of almost every college have been from our Batches. We are the only class in the entire Mumbai which has delivered exceptionally outstanding results with maximum no. of students scoring 20/20 in UT and 90+ marks in End Sem Exam over the last 10 years exclusively for Mechanical & Automobile Engineering.
- ✓ Students who join us for the 1<sup>st</sup> time have seen an improvement of 60% to 250% in their score. There have been cases where; before joining us, students use to somehow manage to pass the paper and then after joining *Irfan sir's* Batch have topped their respective colleges.
